

## Overview

**Commercial agreements must leverage the full value of intellectual property, yet ensure clear-cut boundaries between what is and what is not permissible; these should anticipate the contingency of dispute and envisage quick and decisive resolution.**

Our contractual and commercial IP practice focuses on the strategic use, transfer, and monetisation of intellectual property in business transactions. With deep insight into both commercial law and intellectual property, we help clients structure agreements that protect innovation and maximise value.

Contract law in India is governed by the Indian Contract Act, however laws pertaining to transfer of property, specific relief and employment will also significantly affect how an agreement is drafted.
