

Highlights of INTA Global Report 2018

News & Updates • January 17, 2019

"India's growing importance on the global map is not lost on International Trademark Association (INTA) and the Association has been focused on sustained growth of its activities and initiatives in the country...the coming year in India already looks promising for INTA...The INTA Global Report highlights the amplification of the initiatives that are panned throughout the country to Help Educate Children on IP, Holding Corporate Member Meetings, Attending Cutting-Edge events and much more..." We are delighted and honoured to have had the opportunity to further the cause of INTA in 2018 by hosting the INTA roundtable on 'Future of Intangibles' in Bangalore, moderated by MS Bharath and have INTA observe the 16th Raj Anand Intellectual Property Moot Court Competition, 2018 that was held in collaboration with Vidya Intellectual Property Foundation and took place in New Delhi. The December 2018 Global Report of INTA covering these events apart from other recent trademark developments including among other initiatives, can be accessed at <https://lnkd.in/eHd5PPA>.

Further, MS Bharath Co-Chairs the INTA Global Advisory Council and was also a part of the INTA leadership Meeting that was held in New Orleans, USA.
