WTR 1000 Rankings revealed

News & Updates • February 8, 2019

The 2019 edition of the WTR1000 – World's Leading Trademark Professionals is published and we are delighted to announce that once again we are ranked topmost. The ranking commends the firm as - "Trailblazer Anand and Anand impresses with its "long track record of excellence", "crack enforcement capabilities" and "holistic, one-stop trademark service"...While enforcement is the firm's metier, prosecution matters are equally well tended to." Pravin Anand is recognised as - "...a tenacious operator in the courtroom who has proven his mettle in a long list of landmark trials. The firm managing director commands immense respect as a hands-on practitioner – unlike some competitors, Pravin often makes court appearances. Lately, his team obtained an order from the Delhi High Court on behalf of Colgate to freeze the contents of a container ship carrying a substantial number of counterfeit toothbrushes from China." WTR1000 further acclaims Safir Anand as - "Head of trademarks Safir Anand offers multinationals an excellent portfolio service."
